flexible by design

Welcome to Websure.

Whether you're an Underwriter, Broker, MGA or Insurer...

Flexible by design

The flexible solution capable of handling practically all types of insurance operations.

We have been providing solutions to the insurance industry for over twenty years and have an intimate knowledge of all aspects of insurance.

Giving you control

Websure's powerful scheme and product building tools give you complete control over all your insurance products.

Administering and servicing products yourself gives you the freedom and flexibility to be more self-sufficient, cut IT costs, and respond quickly to changing market conditions.

No more fitting your business to your IT system – Websure fits to your business.
